

## Jewelry holders DIY- a chic booklet earring holder DIY

With felts, foams and simple stitches, you will create a fabulous portable earring holder! Especially this earring holder diy possesses a rather attractive appearance, which is qualified to be the most stunning one among our previous jewelry holders diy.

This week we selected a typical topic in jewelry crafting world, that is, jewelry holders DIY; think about the pretty earrings you have made; they are delight things while being created, while after finalization, how do you tackle with them, stuff in dressers? You need an earring holder, or rather earring holder diy project.

### Materials and tools:

- Felt sheet
- Foam sheet
- Velcro
- [Ribbon](#)
- [Scissors](#)
- Sewing machine

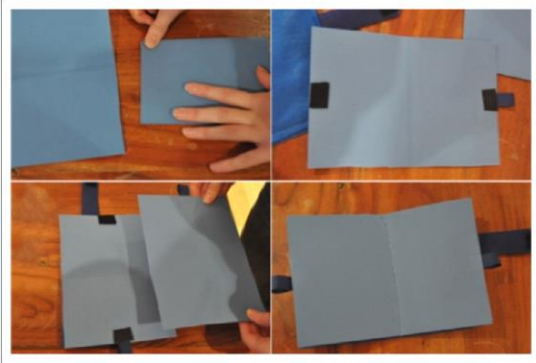

### Instructions:

#### Step 1: make the cover of booklet

- 1<sup>st</sup>, cut sky-blue felt and cyan foam sheet into two halves; here you need to decide the size of your booklet;
- 2<sup>nd</sup>, tailor out your favorite pattern with dark blue felt, and sew it to one half of sky-blue;
- 3<sup>rd</sup>, line up the other half of sky blue and cut a small piece of dark blue felt;
- 4<sup>th</sup>, fold the dark blue tab longwise, insert a bit in between the sky-blues and sew them up all the way around;
- 5<sup>th</sup>, attach a pair of Velcro pieces onto near-by-edge-sides of cover and tab;

#### Step 2: fill pages to this booklet

- 1<sup>st</sup>, fold foams in half to create visible creases;
- 2<sup>nd</sup>, cut a bit of ribbon, roll it into a loop, and sew it with a Velcro piece;
- 3<sup>rd</sup>, attach another Velcro piece and above ribbon combined one to both sides of foam;
- 4<sup>th</sup>, repeat to make another identical foam page;
- 5<sup>th</sup>, lay one foam page onto inside cover, put the other page in reverse direction and sew along the crease.

Our earring holder DIY shows you the final look:

This jewelry holder diy, as you can see, a super chic one! We like this very much, and ensure that you will be soon sweet on it, too.
