Friendship bracelets are back, and especially the friendship bracelet with beads. By using several strands of threads and cords, you can make as many as you want. In this tutorial I will show you how to make a bracelet with string within very limited time. Thus, just try it and get ready to impress all your friends with these pretty pieces.

### Materials for a friendship bracelet with beads:

- [Nylon thread](#)
- [Beads and charms](#)
- Scissors

### How to make a bracelet with string and beads?

#### Step1: prepare necessary threads

Cut 6 strips of Nylon thread, each strand should be approximate 25cm long.

#### Step2: add on selected beads

1. Thread the chosen beads onto the center of cords;
2. Wrap around two shorter thread strands in different color beside the beads, about 3~4cm long. Glue down both starting and ending positions;
3. Wrap the third color string in same way, about 1.5~3cm long. Ensure the three colors display as the picture showcase.

### Step3: braid out rest bracelet part

Measure your wrist size and decide how long you want the bracelet be, then braid the leftover threads.

Try experiment this how to make a bracelet with string tutorial together with more beads and string collections and voila...a stack of amazing friendship bracelet with beads is produced! Hope everyone enjoys it and have nice days!

### Step4: design the endings

Cut 6 strands of 15cm long cords (main color). Lay under the rest unbraided ends and then tie a fasten knot as picture shows; Wrap around another two layers string next to the knot in same way when anchor the central beads; Do same to another ending.
