Check out the diy and craft ideas and you are able to make your own super-chic pair of tassel earrings resemble to the runway fashion.

Things you'll need in diy tassel earrings:

- 1mm [Nylon Thread](#)
- 6mm Bicone [Glass Bead](#)
- Earring Hooks
- 0.5mm Brass Wire
- Side Cutting Plier

Details for diy and craft ideas:

Step1: prepare the tassel branch

1. Cut out more than 12 strands of 20cm long magenta cord. Lay the strands on flat;

2. Align the starting ends and double all strands once at middle. Use one 20cm long brass wire to slip under the folded location of cord bunch;
 3. Twist the wire ends for several times until hold the bunch in place temporarily;
 4. Take another strand of different color thread end to tie a Sliding Knot beside the folded position. When pull the knot tautly, trim off the excess tails;
 5. Loop the short wire end;
- And then wrap remaining extra tails around the short neck with your fingers simply;

Step2: design a decorative portion for your diy tassel earrings

Thread one 6mm Bicone glass bead onto short segment of wire and then loop both ends of it;

Step3: complete entire project

Hook the tassel; decorative Bicone glass bead and earring hook one after one.
