

Beaded string bracelets instructions-how to braid a bracelet in easy way

Wanna make a stylish friendship bracelet? Keep reading this beaded string bracelets instructions. I will show you a unique way for how to braid a bracelet, even a primary learner can complement is separately and easily.

This is one of my favorite ways for working beaded string bracelets. Simply take more than three string strands and you'll able to make the bracelet with holding decorative beads anywhere you want them be. Since finished it, you can decide whether to wear one simply or stack much in one. Thus, let's check how to braid a bracelet accord to the principles.

Supplies needed in beaded string bracelets:

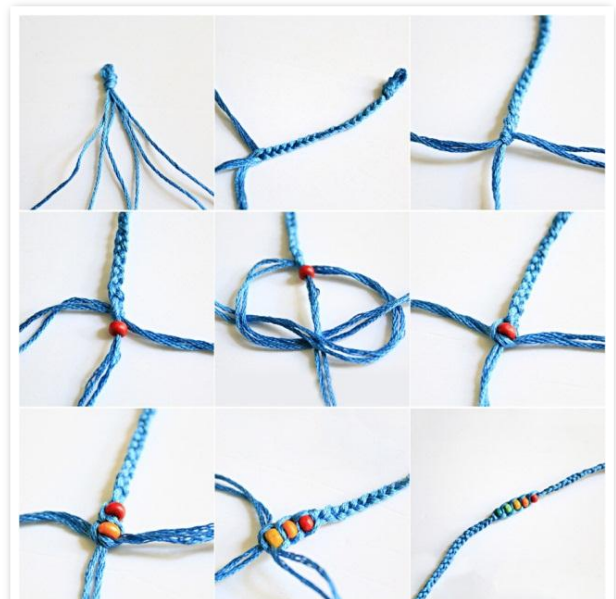

- 1mm [Nylon thread](#)
- Multi-colored [wooden bead](#)
- Jewelry Terminators (Wide [Ribbon End](#))
- Jumping
- Ends with chain
- Pendant

Beaded string bracelets instructions:

Step1: How to braid a bracelet

1. Prepare 3 strands long nylon thread;
2. Fold all strips in half for six new segments;
3. Bundle up them by tying an overhand knot;
4. Start to plait your bracelet using three pairs;
5. When the braided portion reaches 1/3 of whole bracelet, knot the braid;
6. Push up one wooden bead and fasten by one half hitch knot;
7. Continue adding more beads in same way for central 1/3 of bracelet;
8. Work the rest 1/3 plait part.

Step2: make more of above component

For a distinctive design, you can try making more plaits show up in step1.

Step3: assemble all components prepared

Clamp the ends of well-prepared braids with Ribbon ends. Do same for another end of bracelet.

Step4: embellishment process

Hook on the closure with Jumpings and hang on pendant of your choice.

If you want your beaded string bracelets much trendy and amusing, adopting more type of beads and colors. Wish you enjoy this method for how to braid a bracelet.
