

This bracelet key chain tutorial is going to show you a hands-on way about a special DIY braided bracelet pattern.

Once handling the basic ladder braiding skill, you can finish off this beautiful bracelet key chain within a few minutes. In this tutorial DIY braided bracelet key chain just needs a few lengths of colorful nylon thread and alpha cubic beads; it is a fun to have a try!

Materials and tools:

- 2mm colorful [nylon thread](#)
- Acrylic alpha beads
- [Suede cord](#)
- Lobster clasp
- [Jump rings](#)
- Key ring
- Round nose plier
- Flat nose plier
- Scissors

Instructions:

Step 1: make ladder braiding pattern

1st, cut a piece of suede cord measuring twice length of your wrist plus and nylon thread 4 times of your wrist size;

2nd, make a lark's head knot over a large jump ring and insert nylon thread in between;

3rd, weave thread over, down and again at both sides, forming ladder pattern;

4th, get a few length, and slide alpha F bead on;

Step 2: complete the rest bracelet

1st, repeat above step and get the final "FUN" pattern;
2nd, knot the suede cord ends firmly, cut off the excess and singe them;

Step 3: finish the bracelet key chain

1st, open a small jump ring and hook cord knot with lobster clasp;
2nd, Open the large jump ring in step 1, and slide key ring into;

Use clasp to grasp the large jump ring, so the final product is like this:

Till now our tutorial of DIY braided bracelet key chain is done. In this item, the colorful string jewelry can be worn as a decorative friendship bracelet and meanwhile is able to function as a useful key chain.
