

## Bead jewelry patterns- an ornate egg shell craft

This tutorial is going to show you one kind of magnificent bead jewelry patterns; to be more specific, it is a beautifully beaded Easter egg shell craft.

On Easter day morning, what will you prepare as gifts for friends and family members? You haven't thought about these things? It is time for you to consider the giveaway of Easter day presents; first, I suggest Easter egg shell craft, which can have flexible bead jewelry patterns

### The materials and tools you need:

- Egg shell
- [Cabochon setting](#)
- 8mm Red [acrylic beads](#)
- Gel dimensional embellishment
- Craft glue
- Red paint
- Brush

### The full instructions:

#### Step 1: sprinkle egg shell scraps onto bezel

1<sup>st</sup>, dip egg shell into water to eliminate remaining liquid or membrane;

2<sup>nd</sup>, after it dries, break it into small pieces;

3<sup>rd</sup>, brush a layer of glue and sprinkle the shell pieces onto bezel evenly.

## Step 2: color the shell scraps

After the glue dries, paint a thick red coat with brush, and then wait it dries again.

## Step 3: Finish the final finish

Add dimensional embellishment layer onto painted shell and wait it dries.

Well, so much for the egg shell craft tutorial; start with this one, you will get more inspirations about bead jewelry patterns; change bead color, shape and egg shell pendant style, you can harvest a great many distinguished jewelry making ideas.
