

How to make button jewelry necklace-jewelry tutorials free of cliché

The "how to make button jewelry necklace" is one of our jewelry tutorials free of regularity and cliché; this is an innovative way to make necklace jewelry.

Probably there are a stack of buttons beads laid idle in your craft box? If so, you might as well browse this tutorial "how to make button jewelry necklace"; button necklace gets really trendy this while, and the related jewelry tutorials free of charge are listed on our web.

The materials and tools:

- [Shell buttons](#)
- [Brass twist chain](#)
- Eye pins
- Jump rings
- Lobster claw
- Round nose plier
- Wire cutter

The instructions start:

Step 1: prepare eye pin units

1st, thread a button bead onto an eye pin, and bend the pin into square angle;

2nd, wrap and shape the pin as a clip to secure the bead;

3rd, cut off excess part.

Step 2: arrange and attach units to chain

Arrange the order of eye pin units as you desire; then attach them onto the links where you want them to stay;

Step 3: add clasp onto end

Attach lobster clasp to one end of chain with a jump ring.

So far the tutorial of how to make button jewelry necklace is done! If you want the jewelry to appear more excellent, I suggest you to spirally wrap eye pin units with gold brass wire. Thanks to enjoy our jewelry tutorials free of charge and cliché.
