

Home décor lighting idea

Home décor lighting that complements a home's decorating style can offer substantial light in the room, and I believe that lighting is one element that can make or break an interior design because lighting is one element that can be altered. With thoughtful and creative lighting decorations, your room can be versatile with the ability to create different effects and moods.

Here the home décor lighting idea is so miraculous that you will have a colorful living room immediately. Now follow us to learn how to make lighting decorations.

What do you need?

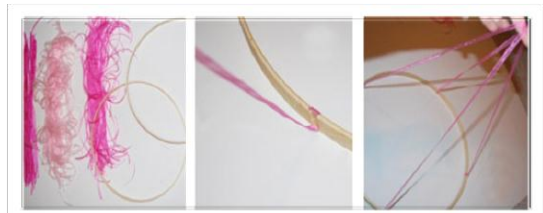

- [Organza ribbons](#)
- [Polyester ribbon](#)
- Scissors
- Glue
- Bamboo circle

How to make home décor lighting?

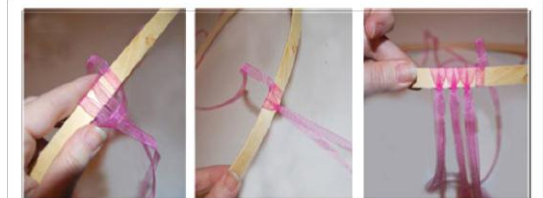

Step 1: fix the bamboo circle

Cut the organza ribbon strip to the same length. Take four ribbon strips and tie the one ends of four ribbon strip to the bamboo circle with the same interval, then make a knot at the other end.

Step 2: tie up all ribbons

Tie the organza ribbon strips all around the bamboo circle.

Step 3: embellish the circle

When you tie all ribbons, glue a long polyester ribbon around the circle to decorate it. Then you can hang it with a light.

Don't need to buy other glittery lights; handmade home décor lighting can also bring the amazing effect you want. Just follow us to make lighting decorations without hesitation.
